INTELLI*TRACK*

software from **PSC**

1   IntelliTrack allows you to print Bar Code Labels to identify your Material or Tool items as well as the locations where they are stored.

With Integrated bar code Printing capability, you can select the Size, Label Type, and Symbology for your Label.

You can print bar code labels using Thermal, Laser or Ink-Jet Printers.

2   Using a Portable bar code readers makes managing Material Inventory and Tool Items fast and easy.

Simply Scan the Employee Badge and the Bar Code Label affixed to the Inventory Item and the system handles the rest.

When Data is uploaded to the PC, the IntelliTrack database is automatically updated

3   Some Reports included with IntelliTrack:

- Checked In/Out Inventory Details
- History by Item or Date
- Issue Transactions by Purchase Order
- Receipt Transactions by Purchase Order
- Reorder Report
- Inventory by Lot#/Expiration Date
- Maintenance and Calibration Due
